

### **3D2N Pulau Tenggol (Snorkeling)**

#### **Tenggol Island Beach**

Tenggol Island is a lovely island off the coast of Terengganu, about 14 nautical miles from Kuala Dungun. It's the last group of islands that share the same coastline with Pulau Perhentian and Pulau Redang. It is one of the most magnificent and peaceful islands off the east coast of the Peninsula of Malaysia, with its impressive rocky cliffs offering an abundance of great dive sites. Pulau Tenggol and the surrounding islands provide a good underwater visibility with a great deal of sea life and a wide variety of soft and hard corals. Divers might note that Tenggol Island provides a fantastic diving opportunity and overall it's certainly a lovely escape away from the bustling city.
